For those of you who want to, you can leave a question or a comment right at the video! (See example below)

Staff can work to pass questions along to those who presented to help them answer your questions at the Board Work Session. You can also reach out directly to Staff with questions you might have.

The screenshot shows a video player interface. On the left, a slide titled "Take Aways" is displayed with the following content:

- Catastrophic events have been occurring with greater intensity and frequency. Insurance markets are reacting with underwriting and pricing changes.
- Risk modeling continues to lead underwriting focus and climate impacts have worsened the outlook for wet and dry lands.
- Insured Values are more heavily scrutinized for adequacy

On the right, a "Comments" section is visible. It contains a comment from "WSTIP" (5 mins) that says "This is a test question - Anna". A purple arrow points to the comment icon in the top right corner of the video player. Below the comment, there is a prompt: "Add questions or comments by clicking here. Please be sure to include your name. These will be brought forward at the Q & A Sessions."
